Swimming with the turtles is a popular activity here. The turtles are generally found just in front of the resort & no more than 30 metres from the shore. They're sighted almost everyday, year round. Guests are just asked to be respectful around them & not to lift or ride on them. At the moment we have a 15% off special for stays of 3 nights or more in our beachfront Villa Rooms for travel to 30 November 2019 (closeout 01/31 July) and sales to 30 April 2019.
