### Stevensons @ Manase • Samoa

Looking for absolute beachfront accommodation without the beachfront tag – you've found it here !! 21 rooms to suit all tastes & budgets fronting a fantastic swimming beach and wonderful snorkelling with turtles only a few steps away. Stevenson's is located on the Northern Coast of Savai'i, just a 1½ hour ferry crossing from Upolu followed by a scenic 1 hour drive. They've taken the Beach Fale experience to another level with their Euro Fales. These fale unlike most in Samoa offer a lockable ensuite bathroom with hot & cold water, so you can still enjoy the local Beach Fale experience but with a lot more comfort & style !! .

### Aga Reef Resort • Samoa

Having just returned from 3 nights at Aga Reef Resort, I'd have to say that the resort is looking truly impressive. It's breathtaking location is second to none and the staff here have worked hard on delivering personal care to all of their guests, privacy & attention to detail. Based on feedback from the guests you can have absolute confidence in the Aga Reef Resort product. Food & menu selection were great and the prices very reasonable (lunch prices averaged NZ\$20 and main course dinners NZ\$29). They've just completed the island function/events area which would make a perfect tropical wedding location or a venue for a yoga/wellbeing retreat. This is complemented by a dedicated small conference room on-site that can seat up to 20 people .

### Liku'alofa Beach Resort • Tonga

This little resort is perfect for the alternative travellers who are happy to pack their toothbrush & sense of fun! You won't need much more because you'll be exchanging the usual international resort experience for comfortable but more modest facilities of a Tongan fale and likely to be sharing a bowl of kava with friendly locals, enjoying delicious hearty local meals and experiencing authentic Tongan entertainment. And if you stay July - October there's a good chance you'll see some whales frolicking just in front of the resort.
