

DISCOVER THE COOK ISLANDS

The Cook Islands is a vibrant destination that allows you to be part of nature, to connect with the simple things in life, enjoy a laid-back culture and pursue activities that you've always dreamed about.

Muri Lagoon is one of the island's most beautiful locations with white sand beaches and shallow crystal clear water making it the ideal aquatic playground. Small uninhabited islets (called Motu's) in the lagoon are in easy paddling distance and make a relaxing spot.

Muri Village is walking distance from the Villas and is a small bustling centre of tourists and locals with plenty of dining choices including a café serving delicious coffee.

Te Vara Nui Cultural Village is an easy walk and is a serious "must do", featuring a spectacular Over Water Night Show and buffet dinner. The Muri Night Food Market operates 4 nights a week and is good way to experience home cooked food by the locals.
