## Accommodation

Yatulé Resort & Spa has 36 tastefully appointed bures (Fijian Bungalows) with either pool, ocean or beachfront views, and all just footsteps away from the pristine white sands offering a lovely feeling of seclusion, peace and tranquillity. The bures are duplexed (ie 2 bures side by side under one roof). The tropical architecture of the bures blend perfectly with the natural surrounds, while modern contemporary interiors add rich contrast.

#### Pool View Bure

The 16 bures surrounding & facing the pool are designated Pool View Bures. These are our lead in bure type and offer perfect value for guests who prefer a little more seclusion.
